## **Past Performance**

**FEMA:** 2018-Current Sherman Consulting is engaged to support FEMA disaster response for Super Typhoon Yutu on Tinian and Saipan by providing heavy equipment to assist in the recovery efforts which includes: 6 HE Vehicles, fuel, maintenance and operators for the equipment.

**Kiewit Pacific:** 2009-2011 Sherman Consulting was engaged to support Kiewit expand its Construction business to Guam for the opportunities related to the US Military relocation from Okinawa. Sherman Consulting was successful in a seamless integration of business development for Kiewit on Guam which resulted in Kiewit Pacific being awarded a \$4Billion Dollar Construction Contract with the US Navy.

**ITT Defense:** 2009-2010 Sherman Consulting was engaged by ITT Defense to conduct a market research study and evaluate the opportunities for ITT Defense related to the Guam/Marianas Military Build Up. The resulting study and ongoing consultancy saved ITT Defense millions of dollars in development costs due to the correct advice given to ITT regarding a premature entry into the Guam market.

**NAVFAC Marianas:** 2010 Sherman Consulting was engaged by the US Department of the Navy NAVFAC Marianas to plan, manage, market and operate a Marianas Industry Buildup Forum on the island of Saipan.
